

Flair-ItTM

PLUMBING MADE SIMPLE

PEXLOCKTM

With the PEXLock system anyone can plumb like a pro just using a pair of pliers. Each PEXLock bag contains the fitting with the appropriate number of PEXLock clamps to complete the connection. No special tools required. PEXLock, plumbing made simple.

- All PEXLOCK part numbers come retail bagged fitting plus rings

Flair-It Ecopoly polysulfone insert PEX fittings are constructed of durable Udel Polysulfone (PSU). Ecopoly fittings meet the requirements of ASTM F 2159, CNSFG and are compatible with copper crimp, stainless steel, and PEXLock rings. Ecopoly PLS insert fittings are available in bulk bags of 25 and barcoded bags of 10.

PEXLOCK & ECOPOLY SERVICE REPAIR KITS

KIT	DESCRIPTION
28188	ECOPOLY SERVICE REPAIR KIT WITH OETEKER CLAMPS
42115	BESTPEX SERVICE REPAIR KIT
30188	PEXLock Service Repair kit

Flair-It fittings are constructed of durable Polyoxymethylene (POM) and are compatible with PEX and PB. The patented design consists of a nut and flared insert and requires no tools. The fittings push against the ID and OD of the pipe, creating a strong long-term seal. Flair-It fittings are available in 3/8" - 3/4" and are stocked in bulk and barcoded versions. Must be ordered in lots of ten. Starter kits are also available. Valves are directional.

RV & BOAT WATER MANAGEMENT PANELS

Flair-It has created a series of Water Management Panels, that when installed in an RV or Boat distributes water to the proper fixture, and accomplishes a series of tasks that are integral to the operation of the RV or Boat. WMP's offer the consumer a simple device that performs servicing functions needed to maintain an RV or Boat.

RV BYPASS

The Water Management Panels will allow the RV/Boat owner to simply turn a series of valves, changing from pump to city fill, by-passing the water heater, winterizing the RV/Boat, and at the same time, managing the entire units water systems - all in a small lightweight panel.

These WMP's are manufactured with Flair-It fittings, white laminate, color coded valve handles and easy to read instruction labels. The small design allows the RV/Boat builder to incorporate the WMP into the vehicle's storage compartments, allowing for easy access and bringing value to the end user.

WMP-1

PART #	DESCRIPTION
41358	7" X 11" PANEL FOR PUMP / CITY PRESSURE, TANK FILL, WINTERIZE

WMP-2

PART #	DESCRIPTION
41359	8 1/2" X 11" PANEL FOR PUMP / CITY PRESSURE, TANK FILL, TANK DRAIN, WINTERIZE

WMP-3

PART #	DESCRIPTION
41360	8 1/2" X 11" PANEL FOR PUMP / CITY PRESSURE, TANK FILL / WINTERIZE, TANK DRAIN

WMP-4

PART #	DESCRIPTION
41361	7" X 11" PANEL FOR PUMP / CITY FILL, TANK FILL, WINTERIZE, WATER HEATER BYPASS

FLAIR-IT PRO MANIFOLDS

-  MANIFOLD BRACKETS
-  ACCESS PANELS

Flair-It PRO manifolds are constructed of durable Udel Polysulfone (PLS). The modular manifold assembly is customizable and easy to use. Standard 1/2" male threaded outlets make the Flair-It PRO manifolds versatile. Flair It PRO manifolds meet IAPMO cNSFg standards. Flair-It Pro Manifolds are available in 8-36 ports and are field repairable.

SafePEX PRO™

PEX, PVC & HIGH PRESSURE TUBING

PEX is a polymer pipe constructed of cross-linked polyethylene. It is an alternative to copper plumbing pipe because of the lower cost, faster installation and more flexible properties. There are three types of PEX available through Flair-It: PEX-a (SafePEX), PEX-b (BestPEX) and radiant heat PEX, which is PEXb with an oxygen barrier. All PEX distributed by Flair-It meets the requirements of ASTM F 876 and F 877. 3/8" - 1" ID PEX is available in straight sticks from 5' to 20' and coils from 100' to 1000' in bulk and barcoded.

CRIMP RINGS & CLAMPS

Flair-It offers a variety of methods for crimping PEX fittings. Copper rings and stainless steel clamps (SSCs) are available for both PEX and polybutylene (PB). The copper rings are annealed copper and color coded for easy identification - black for PEX and copper for PB. Oetiker and Murray SSCs are constructed of stainless steel and meet ASTM F 1807 (metal fittings) and F 2098 and F 2159 (plastic fittings). Murray SSCs are ideal for cold weather installations and offer a thicker band for additional tension. Our copper rings and SSCs meet ASTM F 1807 (metal fittings) and F 2159 (plastic fittings). Our copper PB rings meet ASTM F 1380. We also offer the all new patented PEXLOCK clamps.

PEXLOCK CLAMPS
